Submitter Comments:

Escooter ebikes pose a danger to the public when ridden on the paths. I have hearing loss and when im walking my dog they come flying from behind and on several occasions almost ran me over. I see them regularly on paths ridden by kids who have no spped limit. I ask that the escooters be taken off the roads and paths. On the road , bermuda st, Burleigh a man was doing 80km per hr. Then he passed me. The kids dont have any road sense.
