**Submitter Comments:**

I am writing to share my concerns into e-mobility safety and use in Queensland. I am highly concerned how out of control this issue has become. They are often being used by children and youth who are not wearing helmets, riding them where cars are driving and an innocent driver is going to hit them, they are not respectful, riding them as if they are cars on the road, not obeying road rules. Thank you for considering this to be a very urgent matter.
