### Submitter Comments:

Really tired of the space on the footpaths and bikes on the roads operating at damaging speeds and without any care of the public and zero respect for road rules or any common respect. Kids in numbers 3 or 4 abreast using all the road space, pulling wheelies, standing on their seats and abusing people that following the law. These users (not all but I'd say a majority) are disrespectful and think they own all the space. This does not just relate to Ebikes but the dirt bike types also. Motors should not be allowed on walkways and anyone with a motor should have a license to ride them on the roads. It is a daily occurrence, particularly around school times and especially over Lake Orr Walk bridge and Christine Avenue.
