Submitter Comments:

I feel extremely unsafe when i see an ebike. Often their kids aged around 10 or so up to 18. I live near the base of Kpmcgrath drive and they go past my house faster then the cars drive at the speed limit. They often do wheelies or lift front tyre and zoom along on back tyre. They scoot on bike lane on side of road, but dont stop on traffic lights etc. Often never see them wearing a helmet and 2 or 3 on ebike at the same time. Extremely dangerous if something goes wrong with engine, or run over uneven surface. I wish they would be banned and taken away. Its making kids overweight since they dont have to even ride a push bike anymore.
