### Submitter Comments:

we would like you to get something done regarding the E-bike situation in our area . we have a connecting walkway at our streets end, council park ,bike and skate board areas these E-bikes are travelling faster than registered vehicles and showing how stupid they are on the back wheel in traffic and then continue down this walkway at some stupid pace, and they expect path users to get out of their way, when some person gets knocked down it will be too late and maybe you will [REDACTED] [REDACTED] and get these things under control sorry to be blunt but this thing is out of control, the council can't do anything the police can't do anything they all say to write to gov so here it is !!fed up ! as are many other people
