I am an 80 year old, mobility impaired, owner of an e-scooter, and I shall be brief. 1.The possession of this mobility device has given me the opportunity to travel areas around my residential area that I would otherwise not be able to do. 2. The e-scooter does not pollute, i.e. no noise or exhaust fumes.3. I am acutely aware that I must share this privilege and make every effort not to impede on others.4. I do not use roadways or bicycle lanes unless absolutely necessary.5. I maintain a speed not exceeding 15 kilometres an hour.
