Submitter Comments:

I believe e bikes and scooters should be allowed and legal as it's helping parents give teens freedom to get to school, sports, friends and first jobs We all know they need to be educated on road rules and safety and shown images of the people affect from mistakes on the road If we can make it that they have to pass a test to have a licence for them just like a road bike Have the bikes registered even so there is more responsibility Adults using e-bikes and scooters shouldn't be punished for kid's stupidity Let's aim for education in schools and home
