SUBMISSION TO E-SCOOTERS AND BIKES

The growing number of these motorized unregistered vehicles, mainly e-scooters, on roadways and public footpaths, i.e., The Strand in Townsville, Posers a risk for the user and the public citizen.

I constantly see a growing number on the roads doing more than 50 km per hour, no helmets worn, and I find it hard to believe who let this happen.

How can any unregistered motorised vehicle be allowed on any road legally?

As for the strand in Townsville, I will take it up with the council, as it is getting dangerous for pedestrians

Ted turner
