Submitter Comments:

We have owned e-scooters for four years and they are a fantastic way to get around locally. We also take them on holiday and have scootered the entire Sunshine Coast, Hervey Bay The Redcliffe peninsula, Bribie Island and areas of Brisbane city. Everywhere we see rental scooters dumped all over the place and wonder why that is allowed to happen.? All too often we observe riders not wearing safety helmets and going way too fast. The present regulations need to be enforced much more rigorously and the Police given the authority to clamp down on the few that ruin the great pleasure responsible users enjoy.
