Submitter Comments:

Please register all electronic scooters, electronic skateboards and electronic bikes, with the Council so in the event of an incident, the matter can be dealt with. Use the same system as with dogs - all owners of the vehicles to have their registration "tags" with them when riding said e-vehicles. Make it mandatory that all scooters have a speed limiter fitted, up to say, 15km per hour, so speed can be checked and fines issued as needed. I have experienced close encounters several times when an e-vehicle has passed me at speed, without sound, or lights, which is very disconcerting.
