Submitter Comments:

Every day as i am driving, I come across e-scooter and e-bike riders on the road, sometimes they are travelling faster than my car, usually young teens that are riding in a dangerous manner on the roads, popping wheelies and cutting in front of or riding alongside cars, with no regards for safety, usually hurling abuse or just riding across streets with no helmets or without looking. It is an accident waiting to happen and that unfortunately will not end well.
