**Submitter Comments:**

I would like to see e-scooters banned from all pedestrian areas. I have been personally repeatedly terrified by speeding e-scooters brushing past me while walking on a footpath. My 80 + year old friend was knocked over on a footpath in Annerley 6 months ago and is still suffering mild brain damage, eye damage and knee injury. The e-scooter driver did not stop after he mowed her down and the police have no way to trace him. The scooters go very fast and weave in and out of people making it impossible to predict which direction to move to make oneself safe.
