**Submitter Comments:**

The danger to riders and pedestrians is excessive, out of proportion to the benefits. There are enough regulations to keep everyone safe, with these related to age of rider, helmet wearing, speed allowed. These are NOT enforced, no penalties applied for breaches, so riders have carte-blanche to do what they like. Even though police resources are over-stretched, I feel a concerted and prolonged enforcement of current regulations would make a difference, particularly if parents of young offenders are held accountable
