Submitter Comments:

I am greatly concerned for the safety of the riders of e-scooters or illegal e-bikes but also, and especially for pedestrians, other cyclists and motorists. I have seen so many near accidents which could have had serious consequences. Personally it has happened twice while on my bike when youths have come up from behind, no warning, no bell and overtaken me on a narrow pathway and pushed me off the path. This could have lead to serious injury. I implore the government to take serious action to prevent these unnecessary accidents from happening.
