Submitter Comments:

Having had a couple of near misses on footpaths and the road from e-scooters coming too fast from behind from young and mature people, getting abused asking them to slow down. I spoke to a traffic cop 1 day about the problem, he informed me people (mainly young) were hard to pull over they also get abused if they try especially on e-scooters and e-dirt bikes. We should wind the clock back and have the same laws as NSW, NT and SA not allowed on footpaths and road before too many none riders get seriously injured or killed. [REDACTED]
