Submitter Comments:

The ebikes and escooters very useful vehicles, but needs closer regulation especially for younger kids around varsity lakes. I have the scooter new to it I find very helpful, but it also can work both ways the pedestrians also in same context need to obey laws around escooters by simply staying to left when walking not texting whilst walking right hand side footpath towards on coming traffic. Another is school education dangers the road has with greater power of vehicles comes greater responsibility which especially younger kids from what I see are not aware of. Thank you
