Submitter Comments:

We have seen so many e scooters go up and down Bargara Rd it's a accident waiting to happen there should be a pathway from Kaklie down to Bargara beach so they can be used safely and the pathway can also be used for locals to use with there children with there bikes instead of being on busy road if there was a pathway many locals and visitors would use it instead of walking on the road so many people using this road should be a safe pathway so people can take advantage of the pathway to get down to the beach
