Please quickly make changes to e scooters . Riders I have observed are not following road rules in particular the speed at which they travel. Many are unaware of other people at all darting and speeding along footpaths.They also drop the hired ones anywhere . I feel for people in wheelchairs or people pushing a pram who have to negotiate past them.Young people who think they are wonderful riders really do not have the skills needed. Before more riders and the people they hit are badly injured or killed, please change the laws restricting speed and ages using themThank youCheersGina Zimpel
