Submitter Comments:

I use my e-bike frequently, as my major mode of transport (51 year old male)Pleaese:-•-
Increase the assisted speed limit to 32 km/h•- Raise the legal power limit, as 250W may be
insufficient for hill climbing under load•- Allow throttle use up to the legal speed limit, just like
pedal assist•- Align Queensland's laws with other states to avoid limiting product availability
