Submitter Comments:

I believe e scooters need to be regulated, speed limited, privately owned (not available for rent), require registration, a minimum age of 16, and linked to a DL. Escooters that are being misused (by youths in particular) such as speeding, hooning, no helmets, no lights at night, multiple persons at a time) should be confiscated for breach of these safety regulations. Demerit points should also be allocated to a DL. Speed limiting escooters won't solve the problem alone as no doubt a work around to remove the limiter will be found.
