Submitter Comments:

Please ensure e-trikes remain available for use (don't make it illegal to use e-trikes) as there are many people with accessibility and mobilities constraints who rely on e-trikes for essential transport (especially in regional areas where public transport is poor) and for leisure and to reduce mental health issues. Please ensure new legislation does not exclude e-trikes or specify standards that negatively affect e-trike users. Please ensure comments from e-bike users are considered while developing new legislation and guidelines.
