I love my e-scooter so please don't take it off me! My e-scooter replaced my love of motorbike riding after I had an accident riding a trailbike illegally. The e-scooter allows me to get out and about much more safely than the motorbike. I had trouble understanding the road rules around e-scooters so I think the rules should be clearer and I've never seen anyone enforcing the rules in the 12 months I've owned my e-scooter. The scooters shouldn't be used by teenagers who don't have licences. They are too fast even at 25km for young people who don't know the road rules yet.
