Submitter Comments:

I am one of the statistics, in October 2023 I was travelling to work on an escooter as I'd done for 6 months. I hit a dropped pit cover and I was thrown to the ground. I suffered 2 fractures in my hand and facial injuries. Now 18 months later, I've had 3 surgeries and I'm still not recovered. I am unable to work to full capacity as a Nurse practitioner. I would like to see hire stand up e-scooters banned and replaced with seated versions. Also they should not be able to be used unless a helmet engaged.
