This plan stinks! I'm not done greens voter either. Lnp lied to get elected.

This is:

1. Overriding what the public want, by going over the Victoria Park master plan

Also

- A. Too much traffic in the area
- B. Not enough public transport - no rail stop...
- C. Too close to rbwh
- D. This could be a magnificent free brisbane attraction for our growing city!
- E. We have enough [REDACTED] stadiums! Unproductive and a state liability!

2. A shocking election betrayal

3. A very likely court battle for the state government, which if it wants to go ahead with its plans, will have to spend tax payer money to fight its own people...

4. I want qe2 to be redeveloped with a rail connection!

I urge the committee to reverse this. Olympic developments be subject to existing Queensland laws like all other developments. This is common sense. Are we all equal under the law?

Kind regards
