I am completely disgusted in the Queensland government, how is it that we can just delete laws that have been made to keep our parks and heritage safe? As a aboriginal i have a strong connection with Victoria park. My ancestors from many generations have gathered there, im sure many were murdered and ran out of the lands there would be remains of my ancestors in Victoria park and what its just ok to dig them up forget about what significance the land has? How is it the Queensland government has the right to just go dig up my ancestors, ruin our biggest most significant green space brisbane has... not to mention how disgraceful and disheartened they should feel even the idea of abolishing the laws is wrong. So what now we can just go cut down any tree no matter the historic values.. now we can go dig up people's ancestors destroy they story and forget about us again.. thanks Queensland government you have really hurt alot of people... MAKE THIS CLEAR WE WILL NEVER FORGET OUR ANCESTORS AND THERE PAIN AND SUFFERING THEY HAVE ENDURED FOR US.. WE WILL NOT BE SILENCED!
