Submitter Comments:

I am very disappointed that this bill may allow a number of protections to be overturned in the development of the Victoria Park area for the 2032 Olympic stadia. This was to be a beautiful inner city park space for the enjoyment of all, and the continued protection of its current heritage and environmental values. What value does hosting an Olympics bring to our city, which we like to tout as being a 'biodiversity capital' , if we have to destroy such an area to do so. And what a nightmare next seven years for anyone who lives, works or studies near this area (especially the RBWH, schools on Gregory Terrace and the Kelvin Grove QUT campus)
