### Submitter Comments:

My family and I love going to Victoria Park for birthdays and special occasions. Its park of our family story and this amazing green space belongs in the public domain as a reservoir of life and as the lungs of our city. To demolish this important space after so many years of protection dishonours those who've gone before us. Furthermore, the gaul that so many laws and acts would be overridden to achieve the stated goal of building another stadium does not honour the intent and spirit of those laws and acts. Why make laws like these at all if they will be overridden at the whim of the government of the day?! What I Am Asking the Committee to do: I respectfully ask that your report to Parliament recommend that: 1. Victoria Park / Barrambin be removed from Schedule 1 (Authority Venues); 2. The cultural heritage override provisions be withdrawn; 3. Olympic developments be subject to existing Queensland laws like all other developments; 4. The Victoria Park Master Plan be upheld as a reflection of the community's vision for the park. Thank you for taking the time to read my submission. This park land has a special place in my family's life and I hope you can help preserve the amazing space that is Victoria Park for generations to come. Sincerely, Matt Muirhead
