### Submitter Comments:

As a proud Queenslander having moved from Melbourne some 40 odd years ago I totally reject the State Government's move to override 15 pieces of legislation to build two stadiums in the heritage listed Victoria Park. This is totally unacceptable It is not democratic and is a slap in the face for everything that we hold dear in Australia. Every modern society has rules in place for the smooth operation of its of the community and this arrogance destroying the legal fabric of our state is appalling. This park must be preserved for future generations not for paid concrete edifices that will be past their use by date in 50 years time. Parks are forever !
