Submitter Comments:

Victoria Park is a precious green space. No other city has destroyed parks to build Olympic stadiums. Munich used an unused military paddock miles out of the city. They did it in 5 years. We have the underused Greenbank Military area. An area close to major roads, railways etc. Stadiums do not need to be inside cities. People will go anywhere if they want to watch things. Destroying a lovely Victoria Park which is held in trust is environmental vandalism.
