Barrambin/Victoria Park

I have been a resident of Brisbane since 1962 & have watched this city change over this time. I walk to work, ride my bike 10,000 km per year and work for an Architectural firm. I know & see Brisbane.

But as the years go by, my concern for unmitigated growth, houses being built to boundary, large trees being chopped down and habitat destruction, increases. People ask, where did the Christmas beetles go? They're under the concrete luv.

And then, I ride through Barrambin and I smile at the beautiful trees, the Bush Curlews, the noisy Ibis and this is a deep joy that I have only found in nature.

Please find another site for the stadium and keep these special, cooling spaces for grass, trees and wildlife. They are critical for our city.

Thank you,
Anne-Louise
