Decisions made in the planning of the 2032 Olympic Games should be subject to the same scrutiny and the same legislative frameworks as any other government decision.

This includes Environmental Protection, Conservation and Cultural Heritage protection.

As a resident of the Redlands area, I am particularly concerned about koala habitat. It is hardly surprising that koalas have become very rare, as their forests are constantly being cleared and build upon, bit by bit. There is always an excuse, another imperative, other priorities. In this case, the proposed Redlands Whitewater Centre is the excuse.

The people of the Redlands have repeatedly rejected this proposal. We don't want it. It will be expensive to maintain, its benefits have been vastly overstated, and it will further erode koala habitat.

Thank you for your consideration.

Yours sincerely,
Lyn Jackson
