

# Transport and Other Legislation (Managing E-mobility Use and Protecting Our Communities) Amendment Bill 2026

**Submission No:** 0213

**Submission By:** Nanango mountain bikers

**Publication:** Making the submission and your name public

---

We are a group of riders aged from teenage to 80 years old . Our e bikes are all legal and are pedal assist to 25 km per hour only . A normal pedal push bike can easily pass us on the flat ground and can pedal on a pathway up to 50 km per hour . You should only be stopping the unlimited and modified bikes otherwise you will absolutely kill e bikes for the honest and for many who commute on there bikes . We have stuck to the laws and regulations and you are going to completely ruin the whole thing . Ban the illegal import of illegal e bikes and chase the importers and retailers of these products. I am all for making this activity a safe one but some of these laws are not fair at all
