**Categories:** SUBMISSIONS

Dear Secretary,

RE: Mineral Resources (Galilee Basin) Amendment Bill 2018

I encourage the Queensland Government to support this Bill, as a critically important step in:

- limiting surface water disruption and permanent damage in central western Queensland;
- stopping permanent damage to the catchment of the Great Artesian Basin;
- destroying thousands of Ha of bushland and grazing country;
- causing the release of millions of tonnes of greenhouse pollution into the atmosphere, causing a significant increase in global GHGE emissions;
- as a means of helping get closer to achieving the Paris targets of 1.5° warming.

Thank you for your interest, and in anticipation of the Government's visionary action.

Yours faithfully,

Dick Clarke
