Subject: Re: No new coal leases in Galilee basin please
Date: Monday, 21 January 2019 7:08:54 PM

Dear Sir/Madam,

SUBMISSION TO SDNRAIDC

Name: Patricia Morrow
[REDACTED]
[REDACTED]

SUBMISSION:

Please do not grant any more coal mining leases in the Galilee Basin. There are more than enough coal mines already. The future of the human species depends on taking urgent action to fight climate change. Farmers need clean groundwater and coal mines may run the risk of polluting the aquifers in the Great Artesian Basin. The traditional owners don't want coal mines on their land and Queenslanders want to see renewable energy rather than coal.

Subject: No new coal leases in Galilee basin please

Dear Sir/Madam,

Please do not grant any new coal leases for Galilee Basin. There have been many droughts in Queensland and we need to protect our precious groundwater resources. Climate change is an emergency situation and we do not need any new coal mines.

Wishing you all the best,

Trish Morrow

Environmental Engineer, specialising in water and sanitation
