Committee Secretary
State Development, Natural Resources & Agriculture Industry Development Committee
Parliament House
George Street
Brisbane QLD 4000

As a Queenslander living in Airlie Beach I wish to voice my protest against the subject mentioned bill. Our Queensland farmers have a tough enough time trying to make a living with the current legislation and natural disasters without further punishment in what is nothing more than an appeasement to the Greens.

Get politics out the agriculture sector and let hard working farmers get on with the business of running their farms in a conservative and sustainable manner.

Regards

Jack Stansfield
