Subject: Our KOALAS
Date: Monday, 19 March 2018 6:53:33 AM

Australian leaders should hang their heads in shame at the treatment it dishes out to our most beautiful and yet defenceless Aussies.

Koalas deserve our love and support to ensure their survival in plentiful numbers , happily co- existing with other beautiful Australian creatures great and small.

Fight developers out for self gain and greed with strong laws to protect the homes of the defenceless .
PLEASE
