Subject: Proposed Vegetation Management Legislation
Date: Tuesday, 20 March 2018 3:20:08 PM

Dear Sir

Ahead of the adoption of the new Proposed Vegetation Management Legislation:

I would like to advise I am happy with the present Regulated Vegetation Management of my property, and see no need to add a layer of Proposed Category C to a portion of my block. I am a small landholder and do not see the value in adding red tape to a simple concern, a total waste of Government time and resources.

Thank you for your time.

Regards
Jacinda Moore
