Subject: Stop Tree Clearing
Date: Wednesday, 21 March 2018 12:22:15 PM

What is wrong with the Qld Government. They seem to be only interested in profit. Stop the push to clear all trees. I am very concerned that no thought has been given to our wildlife at all given Government and Councils' decisions to cove to developers. This isn't the type of Government we want.

Save our koalas today. Do something that counts for someone other than yourselves.

Sue Mitchell
