Subject: No more Land Clearing
Date: Wednesday, 21 March 2018 9:47:12 AM

Please think of the devastation

Our country is so young in developing years..yet no consideration for the fauna and flora of our beautiful land..

Save our forests

Save our trees

Save our koalas

Save our wilderness

Save our wildlife

No more development

No more destruction

No more changes to our green areas

Karen McGlinchey
