

SUBMISSION

I provide my submission on rejection of the changes proposed in the Vegetation Management (Reinstatement) and Other Legislation Amendment Bill 2018 ("the Bill").

This constant change in legislation severely impacts on the ability of farm managers to plan and implement effective long-term property and business management decisions. Ecological processes work in much longer timeframes and can be severely compromised when mismatching regulations are enforced. Farmers have long called for certainty with the vegetation management regulatory framework. I am totally opposed to continued uncertainty and attacks on the viability of myself, the long-term sustainability of my business as well as attacks on fellow farmers.

The impacts of the proposed changes to the Vegetation Management Act include;

- The purpose for High Value Agriculture and Irrigated High Value Agriculture will be removed.
- Extends Category B areas (remnant vegetation) and Category C (regrowth vegetation) to freehold land, and indigenous freehold land. Additional 862 000ha High Value Regrowth and water course buffers to all reef catchment, Burnett Mary, Fitzroy, Eastern Cape York.
- Thinning will require Development Application to be lodged for approval.
- The purpose for High Value Agriculture and Irrigated High Value Agriculture will be removed.

Describe the impacts the changes will make to stall agriculture, discourage investment, and increase costs and time to manage vegetation.

- THESE CHANGES TAKE AWAY OUR RIGHT AS FARMER'S TO CARE AND PROPERLY MAINTAIN OUR LAND
- THESE CHANGES ASSUME THAT PEOPLE WITH A UNIVERSITY DEGREE HAVE A BETTER UNDERSTANDING OF VEGETATION MANAGEMENT DECISIONS THEN LAND OWNERS WITH GENERATIONS OF VEG MANAGEMENT EXPERIENCE.
- THESE CHANGES ARE GOING TO COST TIME AND MONEY THAT OUR BUSINESS CAN'T AFFORD
- IT IS ALSO SAD THAT GOVERNMENT DOESN'T REALISE THAT THE MAJORITY OF LAND OWNERS ARE DOING THE RIGHT THING AND THAT THESE CHANGES ONLY MAKE IT HARDER TO DO WHAT NEEDS TO BE DONE TO PROPERLY MAINTAIN OUR GREAT LAND
