Good morning,

I sit here with tears in my eyes at the awful laws you are looking at introducing for farming.

I like eating Australian grown food.

I like supporting Australian farming families.

I cannot believe that for the sake of a few green votes, you would allow the labor Party to bring in a law Luke this that is so heavily biased and does not allow knowledge from both sides of the fence to be discussed.

Please give this matter the care it deserves.

The new law is unworkable and
Unfair.

Regards,

Joy.
