Please forward my comments on to the Animal Welfare committee / Animal Care and protection amendment bill 2022.I would like to bring to your attention the lack of research and review available to the public in relation to glue traps and the impact these have on our local wildlife:*I am asking to have glue traps permanently banned as they are inhumane and indiscriminate*Glue traps are currently easily available from all hardware stores around Australia*Retail staff are not educated on the cruelty these traps cause to animals especially left unchecked for long periods leaving animals to die a long painful deathThanking you for your consideration.Kind regardsElke K Eckhard
