PLEASE RECORD OUR OPINION

My husband and I are sending you this email to ask you to include in your Animal Cruelty Legislation, or however you do things, the BANNING OF THE SALE AND USE OF GLUE TRAPS.

These traps are used indiscriminately and cause untold suffering and a slow and terrible death to whatever bird or animal is caught in them. They are banned in many countries around the world, and we cannot believe that even after a cursory glance at the product you could not realise the harm and suffering they can cause to wild animals. If you look at the ebay site you will see any amount of glue traps for sale.
