Submitter Comments:

Hello Thank you for the opportunity to have input. I want glue traps banned as they are inhumane and indiscriminate. They are currently easily available and people don't use them properly or check them often, leaving animals to die a long painful death. Many of these animals are protected, threatened or vulnerable native species which already face unrelenting human caused threats. I have seen too much photographic evidence of the above points to not make a submission. Please take action to ban glue traps at the earliest possible time. Thank you
