Keep our wildlife safe. Ban all glue traps in Australia which kill our native wildlife. These are incredibly cruel, with the wildlife left to die in agony. How in this modern age, with our intellectual capabilities and knowledge, are these glue traps which are instruments of death, are allowed to be made let alone sold. Bunnings Australia is a huge seller of these glue traps. Please stop the killing and protect our beautiful wildlife, we hardly have any of the small guys left and they are very precious; for them, for us and for the environment we live in. They are the pollinators in their natural surrounds. Once Pollinators become extinct then its bye bye humans. Its that simple. With the utmost urgency, please stop the sale of these glue traps in Bunnings Australia and all throughout Australia. Thankyou kindly and I look forward to positive news and action in the the nearest future. Yours sincerely, [REDACTED]
