**Submitter Comments:**

Please ban glue traps as they are inhumane and indiscriminate. They are too easily available; people don't use them properly or check them often; all animals and birds who get caught are too often left to die a long painful death. I have visited Australia to view the beautiful and varied landscapes and wildlife. I want to visit again, explore more of the Country. But I am one of a growing number of travelers who elect to ONLY visit Countries that uphold ethical treatment of all living things. For the ethics and the economy, please take this simple yet significant step: please ban glue traps.
