**Submitter Comments:**

I am requesting that the use and availability of glue traps be completely banned. They are incredibly inhumane and indiscriminate. They are readily available for purchase in Queensland, whilst other countries have totally banned the use of such traps. Too often they are used incorrectly, and this results in a long and painful death for those who are caught, including many of our native birds and other wildlife. I implore you to ban all have traps. I request that you also ban calf-roping. Other Australian states have banned this cruel and unnecessary sport, which is purely for entertainment and the inflated egos of competitors. Such cruel treatment results in stress, injury or death to young calves. How we treat animals is a reflection of our society's moral and ethical compass. As a society, we can do better than this.
