

**Inquiry into the Animal Care and Protection Amendment Bill 2022**

**Submission No:** 770  
**Submitted by:** Wendy Murray  
**Publication:** Make my submission and my name public  
**Attachments:** No attachment

**Submitter Comments:**

I respectfully ask that the Committee do everything in its power to prevent any future sales or use of glue traps. This would prevent much unnecessary suffering and loss of wildlife. With regard to pest animals, while they do need to be controlled they also deserve a less inhumane end to their lives. Thank you for your consideration of this submission.
