As an animal lover I'm so sick of seeing animals get mistreated by inhuman individuals harsher penalties need to apply. Animals have feelings and emotions like we do. Being locked up in crates and mistreated it is a disgrace. Would you like to be locked up in a crate, living in filth and mistreated? They need to go to jail!! If they are doing this to an animal what would they do to a child?. I'm also sick of seeing breeders over breeding their dogs as it's all about money not about the animal. So many underground breeding programs going on it's a disgrace. What the poor dogs have to endure. Also, there are so many rescue dogs that need loving home and so many are getting euthanatised each day. As the shelter are getting overloaded with dogs. Dogs love you unconditional they feel what we feel, I have a rescue dog it's my fur baby she is so loyal and loving we treat her like she is part of the family. So upsetting seeing how other people treat animals. It's not right. They will continue to do this as they can, as there is no harsher penalties. All they get are a slap on wrist, more needs to be done. Rules also should be applied for crates to many dogs are getting locked in when they don't want to be cooped up they need to run around. I feel stricter rules and harsher penalties, (for crates, breeding/ breeding programs, mistreated and dog abuse) Thanks
