I WANT GLUE TRAPS BANNED. I find that glue traps are an abhorrent method of vermin control. There is no discrimination as to what insect, bird, mammal may get caught by them. We cannot rely on human decency to use the traps in a responsible way. And whatever insect, bird or mammal may get caught on a glue trap can spend a long time dying slowly & painfully . I WANT GLUE TRAPS BANNED IN ALL STATES. PLEASE TAKE THEM OFF THE MARKET.
